

## DEEPM APPOINTM SIGRID DUHAMEL, SENIOR REAL ESTATE ASSET MANAGEMENT EXECUTIVE, TO BOARD

**Paris, February 14th 2023** – Deepki, the ESG data intelligence firm, has appointed senior executive Sigrid Duhamel as an independent member and Chairwoman of the Strategic Committee, as it accelerates its growth and builds its client base globally.

Deepki is the only company in the world offering a fully populated ESG data intelligence platform to help commercial real estate investors, owners and managers improve the ESG performance of their real estate assets, and in the process enhance their value.

With over thirty years of experience, Sigrid is a highly experienced real estate investment and asset management professional, and held positions as CEO France and Global CIO of BNP Paribas REIM from 2017 and 2020 respectively. Prior to that, she was CEO of CBRE Global Investors France and member of the Executive Committee of CBRE Global Investors EMEA from 2014 to 2017. She has been active in the real estate sector since 1990 in a wide range of functions across top tier companies such as Bouygues, Carrier, Tishman Speyer, Carrefour Property and Stellantis.

Welcoming Sigrid to the board, **Vincent Bryant**, CEO & Co-founder of **Deepki**, said *"Sigrid Duhamel has an extremely impressive track record across the entire real estate sector, from construction to investment management, which, along with her international background and experience, will benefit Deepki and its clients. I look forward to working closely with her as we continue to grow our market-leading proposition and support the sector in achieving its net zero ambitions."*

**Sigrid Duhamel** commented *"The entire real estate sector faces the enormous challenge of reducing its carbon footprint in order to tackle climate change. This makes my role with Deepki even more exciting as the company has a pivotal role to play in advising, serving and helping asset owners and managers in their efforts to truly reduce their emissions. I am overwhelmed*

*with joy to be working with Deepki's experienced and highly knowledgeable team, and warmly thank the board members for their trust. "*

Deepki's market-leading SaaS platform enables clients to collect ESG data, gain a comprehensive overview of their portfolio's ESG performance, establish investment plans to reach net zero, and assess results. It also allows users to report to key stakeholders. The platform is supported by carbon and ESG experts who partner with clients across data collection and analysis, through to ESG strategy definition and implementation.

Now with over 350 employees, offices in five cities across Europe and operating in 52 countries, Deepki has become the global leader in ESG and data intelligence solutions for environmental transition in the commercial real estate sector.
